# Who are We?

Scotland Saturdays' most prized asset is our ability to galvanize the people. Since its founding in 2018, Scotland Saturdays has become the go-to organization for information and opportunity for small business owners, performing artists, community development initiatives, and economic sustainability resources. Since June 2018, we have been organizing a monthly market, on the last Saturday of each month. Each event has reflected the current needs of the community and has served to connect citizens with resources needed for healthy and sustainable lives. Scotland Saturdays has implemented Christmas, Thanksgiving, Fourth of July, and Juneteenth events; giveaways, special performances, community bike rides, and kids' fests are all examples of events successfully organized by SS. Each year, for the Christmas Tree Lighting Ceremony/Block Party, Easter Egg Hunt, and the Halloween celebration, Scotland Saturdays, books the BREC stage, multiple choirs and vocalists, a standing band, sound, lighting, children's attractions (i.e., space walks, stem activities, and book mobile), portable potties, and 20-30 small business owners and community organizations. We have made a name for ourselves cultivating the ultimate family experiences, fun, food, and shopping.

With the Levitt AMP Music Series Grant award secured, we are taking the overall Scotland Saturdays' experience to the next level. This opportunity also allows us to further our partnerships and connections with other homegrown community stakeholders. It is opportunities like these that contribute to overall redevelopment of our community; a vision we know our organizations share. Please review this sponsorship packet, and let us know if this is a project your team would like to support. I look forward to hearing from you soon.

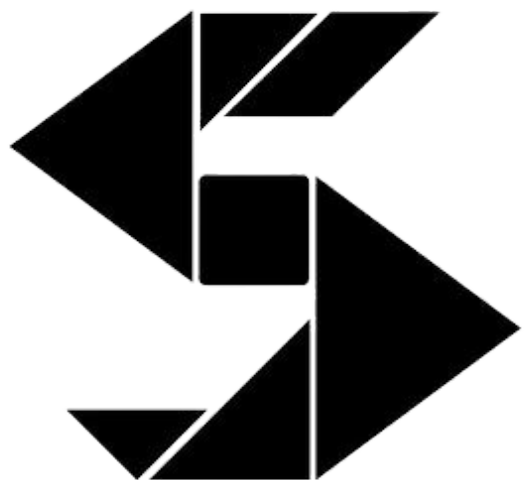

Best Regards,

*Janel Washington*

# Why Join?

**Scotland  
Saturdays**  
OPEN MARKET

The Scotlandville Plaza sits at the center of historic Scotlandville, a mostly black neighborhood in the shadows of the Southern University and A&M College in Baton Rouge, Louisiana. Community-led efforts and advocacy have resulted in renewed investment and revitalization of the plaza and surrounding areas with the development of coffee shops, halls, restaurants, barbershops and other businesses after decades of neglect by the city. Much of this revitalization was prompted by the creation of Scotland Saturdays', a monthly community market/mini festival created and facilitated by the non-profit "Scotland Saturdays".

During this monthly event local vendors sell their products, musicians and poets perform their works in front of their own community, and community members can directly support their local entrepreneurs. The plaza also acts as the community gathering place where our current council woman hosts the yearly Christmas tree lighting, easter egg hunts, trick or treat Halloween events, back to school celebrations, Juneteenth events, and other initiatives. Scotlandville Plaza also has the benefit of being located at a major intersection of Scotland Avenue, Scenic Highway, and Swan Street. This intersection lays in the pathway of a number of local parades, iconic businesses, and events throughout the year like the Southern University Homecoming Parade and is a main gathering place for celebrations in the community.

# Sponsorship Benefits
